**This practical and simple system, developed by Jeff Levin has been taught worldwide since 1991.** David Pasikov, past president of the Colorado Association of Psychotherapists, is the U.S. Coordinator for *Life Alignment*. Our body stores the memories of trauma, disease, pollutants, and lifestyle stresses. *Life Alignment* is a means of accessing and identify underlying causes and energetically releasing them. As Carolyn Myss states, "Our biography becomes our biology." *Life Alignment* promotes healing on a cellular and causal level, rather than just addressing symptoms. Join David and learn to release energy blockages by balancing vibrational energy points associated with the organs, glands and systems of the body. *Life Alignment* gives you tools for profound change through the use of a series of well designed "maps" and practical, simple techniques. This gentle, yet powerful process fosters well-being, self-empowerment, and transformation.
